

MAY INDICT
A WOMANNew Ramifications of
Postal Scandal Found

HEADLESS DEPARTMENTS.

With Removal of James T. Metcalfe
Not a Division Commander
is Left.

Washington, June 19.—The federal grand jury, which has been investigating postal affairs, probably will bring in five indictments before Monday against persons involved. Assistant District Attorney Taggart, who has the cases in charge for the government, was at his office earlier than usual and was busy engaged in going over the indictments. He denied himself to all callers.

Although every effort has been made to keep the public in ignorance of the action to be taken until the papers were ready for presentation by the grand jury it is learned on unquestioned authority that the jury has voted to return indictments against August W. Machen, Dillon B. Groff, Samuel A. Groff, George E. Lorenz and Mrs. Lorenz, the two latter being residents of Toledo, O. The specific charge, it is understood, will be conspiracy to defraud the government.

The fact that new indictments would be returned against Machen and the Groff brothers has been talked of for some time around the courthouse, but it was not expected that action would be taken so soon. The sensational feature of the probable proceedings is the connection of Mrs. Lorenz's name with the transactions which led to the arrest of Machen and the Groffs. At the time of the arrests stories were in circulation that there was a go-between, but the information at hand then was not conclusive enough to establish the identity of this particular party.

Whether or not Mrs. Lorenz acted in this capacity is not known, but it was suggested that this go-between was a woman.

Big Divisions Headless.
With the removal by Postmaster General Payne of James T. Metcalfe, head of the money order system, the post office department is being conducted without a head in any of its big divisions. SULTAN HAS ABDICATED?

Unconfirmed Rumor Comes From Constantinople.

Belgrade, June 19.—A telegram received here from Constantinople says that a revolution has broken out in Turkey and that the Sultan has abdicated his throne.

London, June 19.—The report in circulation in Belgrade that the Sultan has abdicated cannot be confirmed in diplomatic circles here. An official who recently returned from a visit to Constantinople told your correspondent that he doubted if the movement to overthrow the rule of the Sultan had so far advanced, although he believed such a step would not be delayed long.

Stray reports regarding a possible uprising in Turkey have filtered through European capitals for some time past. In official circles here belief is general that a very unsatisfactory state of affairs exists in Turkey, but on account of the rigid censorship enforced by the Sultan, little news is permitted to reach the outside world.

Belgrade is impregnated just now with revolutionary notions, and advices from that place regarding insurrections in Turkey or elsewhere are likely to enlarge upon the situation.

Cambridge, Mass., June 18.—In a game replete with brilliant plays, Harvard won from Yale this afternoon on Soldiers' field, 5 to 3 in the presence of 10,000 spectators.

With the score 5 to 2 in the ninth inning it looked an even chance for a Yale victory when Clarkson gave a base on balls followed by two base hits, which landed three Yale men on bases. This was with two men out. Yale's supporters rose in a body and cheered. Clarkson, however, steadied down and struck the third man out. It was then Harvard's turn to cheer and the undergraduates went almost wild with delight.

HE TRIED TO ESCAPE.

Criminal Patient at Waterbury Asylum Has Short Freedom.

Waterbury, June 18.—John Kelly, one of the criminal patients at the hospital, escaped from custody on Tuesday, and gave the hospital help quite a lively race before they captured him. It seems that after some of the patients had been outside of the main building, and were being taken in again, Kelly concealed himself behind the entrance door in the hall and after the other patients and their attendants were all in, he slipped out before the door was fastened. He was seen climbing over the guard wall and was pursued at once. He headed for the river and succeeded in reaching it before the attendants, but did not dare to cross. He hid in the bushes where he was caught.

She started to run for home and in a moment was enveloped in flames. She was badly burned on the right side, back, chest and abdomen. NEW CLAIM
UNDER LICENSEThat Illegal Liquor Selling
Cannot be Prosecuted.

AMOUNT FINE UNLIMITED

Constitutionality of Section 68 of New
Law Doubtful by J. P. Lamson
At St. Johnsbury.

St. Johnsbury, June 18.—A novel question arising under the new license law came up in county court here on Wednesday when the case of State vs. Constantine was called. The respondent was charged with keeping intoxicating liquors with intent to sell without a license, and complaint was drawn under section 68 of the license law. J. P. Lamson, counsel for the respondent, demurred to the complaint on the ground that the law is unconstitutional, in that section 68 provides for a fine of not less than \$500 in cases of conviction, but is not limited as to the amount that may be assessed against a convicted party.

This is the first time this question has been raised. Judge Stafford did not care to rule on the question, so the demurrer was overruled, pro forma, and the case was passed to supreme court for decision of this point before trial.

The Renaissance of Tennis.

The wonderful revival of interest in lawn tennis is one of the most significant features in outdoor life today. The several thousand people who watched the championship games at Bay Ridge last year made a bigger crowd than any country ever knew even in the days when tennis was a fad. Tennis is coming into its own. There is every reason why tennis should be popular; it costs less than many games; it takes less time; it requires few players; there is no danger in it; it exercises the whole body thoroughly, not partially or spasmodically; both sexes can play it; and, finally, its whole moral tone is clean and gentlemanly.—From Country Life in America.

BURGLARIES
IN MONTPELIERStore of H. O. Kent Entered
Last Night.

CASH REGISTER RIFLED

Thieves Secured About \$30 in Money.
Three Men Arrested On the Charge.

Montpelier, June 19.—The store of H. O. Kent on Main street was entered by burglars some time last night and about \$30 in money was taken and also considerable tobacco and other merchandise. Three men were arrested on suspicion this forenoon, their names being Bernie Badger, Harlie Sun and Joseph Bartlett. Some of the stolen goods were found by the police in a room occupied by one of the men in the Hyde block.

The break in Kent's store was noticed this morning when two of the employees, Messrs. Wright and Farrar opened up. They at once detected that some one had been in the store as everything was in confusion. The burglars entered by means of a window on the side of the store. On investigation it was found that the window which was supposed to have been locked with a nail had not been locked.

The cash register in the grocery store was broken open and \$28 taken, while the money drawer in the meat market was also rifled, the thieves getting only \$1.65 from this. In addition to the money they secured much tobacco, cigars, etc.

The break was reported to the police and the sheriff's department this morning and they soon had the three men above mentioned in jail, suspicion having been directed to them. Badger was taken in Barre by Deputy Smith. Sun was also arrested there but Bartlett was found in Montpelier.

The three were taken into court this morning and Sun and Bartlett asked that bail be set. Bail was set, but they were unable to raise \$500 bondsmen and were remanded to jail. They will be given hearings tomorrow.

The officers found in the room in the Hyde block several articles which Phillips & Lucas identified as having been stolen from their store Tuesday night. The articles included cuff buttons, silver handled tooth brush and other small articles. This store was entered by means of a back door.

When the clerks opened their store Wednesday morning they found things thrown about in great confusion, the back door wide open and the rear window smashed in. The safe had also been tampered with. Twenty-six cents in the money drawer was taken.

DO NOT FEAR SHORTAGE.

Montpelier's Water Supply Said To Be All Right.

Montpelier, June 18.—Supt. Smith of the water department reports Berlin pond well filled with water and 2 1/2 inches running over the dam at the grist mill at the foot of the pond. During the night the water rises to such an extent that it runs over the dam at the reservoir at Benjamin Falls. All danger of a drought now appears to be past. Supt. Smith has been familiarizing himself with outlying territory at the pond by running a line from the grist mill to the large pond contemplating the direction of at pipe at that point. For nearly two miles the territory is at a dead level with very swampy conditions existing about the lower small pond.

IS ONE RELIGION
AS GOOD AS ANOTHER

Subject of Father Sutton's Sermon at
St. Monica's Church Last
Evening.

A very large crowd attended the lecture given by Rev. Fr. Sutton at St. Monica's church last evening, the subject being a most interesting one, "Is one religion as good as another?" He said, "One of the great errors of the age is that religion is of little or no importance, that it is a matter of nothing what form of religion we profess. Pope Leo XIII declares that this indifference is the great error of our age. Looking around we find among our representative men, in Congress, among our business men, our professional men, doctors, lawyers, etc., and among the lower classes, laboring people, etc., what do we find? Indifference in regard to religion; it is a matter of no importance what they profess. We see everywhere people with different views of religion, mingling together and forming what they call one body, ministers who profess to be religious teachers, teaching opposite doctrines, exchanging pulpits, etc. We are told it matters not what we believe if we are good and honest."

This proposition is condemned by the Catholic church as false. For God, being our Lord and Master, desires from us a certain amount of worship and adoration. If we believe there is a God, and that he created us, we owe to God homage and service, by subordination to him and his commands. He is the great benefactor from whom we derive all we receive. We, therefore, must strive to know all he revealed in this matter. We owe to Him duty, love and obedience. All recognize the existence of God. If then, God has made known a particular way in which we should worship him. If God has revealed to man how we are to worship him, we are not free to reject that particular form of worship. God is one, truth is one. Then where there is a diversity of religious belief, somebody must be wrong. Christ is God, and if he has given a particular form of religion it is the true one. There must be something definite in this matter. Christ would not leave us uncertain. Did Christ leave His Church in this condition? No he did not.

Where will we find the full and complete teachings of Christ? Shall we find it in the different denominations scattered about us? It can be found in the Catholic church alone, there is the truth of Christ's teachings. He has said he would watch over it and guide it unto the end. He is guiding it, and has sent the spirit of truth into it. In this church you will find what Christ wants you to believe, it is His teaching. The Catholic church claims your attention, it courts your investigation. Examine the claims of that church. Look into one form of religion, that is the way your salvation depends upon belonging to it. Every form of religion then is not the true one. Only one God came into the world, only one truth was preached, and it was in this church which dates its origin back to the days of Christ.

Subject this evening, "Indulgences."

GOLF TOURNAMENT.

C. A. Dodge Scored First Win By Remarkably Good Score.

The first contest for the trophy which City Clerk James Mackay presented to be contested for by the members of the Barre Golf Club during the summer was held at the links yesterday afternoon, and outside the playing of C. A. Dodge and Mr. Mackay himself the playing was not up to the usual standard. C. A. Dodge made a remarkably low score of 83 for eighteen holes, and easily won the day's match. He, therefore, secures the first hold on the trophy.

Stars Beamed Brightly.

Ruth Chapter, O. E. S., held a special convocation Wednesday evening and conferred the degree upon four candidates. The hall was well filled and the usual degree of interest in the ritualistic work manifest. Many flowers were tastefully arranged, lending a charm to the chapter room and on such an occasion is most delightful. At the conclusion of the ceremonies the worthy patron invited all to the banquet hall where they were most happily surprised by the brothers who had the tables all arranged and made as beautiful as possible by an abundance of cake, fruit and flowers. Ice cream was served by a very efficient corps of waiters, and the manner in which they all performed their work reflected great credit upon themselves and proved that our brothers had spared no pains in making this a most pleasing as well as hospitable occasion. Remarks were made for the "Good of the Order" and a social hour enjoyed when the happy company dispersed. All agreed that it was "good to have been there" and hoping that in the near future the brothers would again entertain.
